

Testimonials

We have been working with the team led by Stewart Cullen for several years in the school now. They have provided both morning and after school clubs together with school curriculum based lessons. The sessions are well planned, exciting and thoroughly enjoyed by pupils. The staff are highly trained with a professional attitude and portray a real passion for sport in our pupils.

**Sarah Raven. PE Co-Ordinator
Town Field Primary School**

Over the last few years we have been extremely happy working alongside the coaches, who deliver high quality physical education lessons and after school clubs in both our schools. Mr Cullen and his team of coaches have shown they are a very reliable, dedicated, professional organisation, who provide quality coaching in a range of sports at very competitive prices. Schools not only benefit from the high quality coaching they offer, but also have access to a range of local sports festivals and competitions which they can enter. They have many links to a range of organisations in Doncaster, which we have benefitted from over the years at Bentley High Street and now Rosedale Primary.

Specialist teacher of Physical Education at Bentley High Street and Rosedale Primary School.**

My daughter had a great time representing her school in your organised rugby game on Sunday at the Keepmoat Stadium, during the interval of the Doncaster Dons match. Thank you, she loved it.
